

Liz Cheney serves as Wyoming's lone member of Congress in the U.S. House of Representatives. She was first elected in 2016, on a platform of pursuing conservative solutions to help create jobs, cut taxes and regulation, expand America's energy, mining and ag industries and restoring America's strength and power in the world. Cheney serves on the House Armed Services Committee, Natural Resources Committee and Rules Committee. This year, Cheney became House Republican Conference Chair, assuming the third-highest position in GOP House Leadership.
